## Report of Independent Registered Public Accounting Firm

The Timken Company, Administrator of the  
Voluntary Investment Pension Plan for  
Hourly Employees of The Timken Company

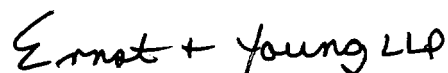

We have audited the accompanying statements of net assets available for benefits of the Voluntary Investment Pension Plan for Hourly Employees of The Timken Company as of December 31, 2004 and 2003, and the related statement of changes in net assets available for benefits for the year ended December 31, 2004. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2004 and 2003, and the changes in its net assets available for benefits for the year ended December 31, 2004, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2004, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

# Voluntary Investment Pension Plan for Hourly Employees of The Timken Company

## Notes to Financial Statements

December 31, 2004 and 2003, and  
Year Ended December 31, 2004

### **1. Description of the Plan**

The following description of the Voluntary Investment Pension Plan for Hourly Employees of The Timken Company (the Plan) provides only general information. Participants should refer to the *2000 401(k) Agreement Between The Timken Company and the United Steelworkers of America, AFL-CIO* (the 401(k) Agreement), for a more complete description of the Plan's provisions.

#### **General**

The Plan is a defined contribution plan covering all employees of The Timken Company (the Company and Plan Administrator) who are represented by the United Steelworkers of America (USWA). Employees of the Company become eligible to participate in the Plan beginning the first month following completion of a 120 working day probationary period, provided that health care benefits have become effective. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

#### **Contributions**

Each year, participants may contribute up to 18% of gross earnings, as defined in the Plan, subject to Internal Revenue Service (IRS) limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. No Company contributions are provided under the Plan. Upon enrollment, a participant must direct their contribution in 1% increments to any of the Plan's fund options. Participants have access to their account information and the ability to make account transfers and contribution changes daily through an automated telecommunication system and through the Internet.

#### **Participant Accounts**

Each participant's account is credited with the participant's contributions and allocations of Plan earnings, and is charged administrative expenses, as appropriate. Allocations are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

**1. Description of the Plan (continued)**

**Vesting**

Participants vest immediately in their contributions plus actual earnings thereon.

**Participant Notes Receivable**

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms generally cannot exceed four years. The loans are secured by the balance in the participant's account and bear interest at an interest rate of 1% in excess of the prime rate, as published the first business day of each month in the Wall Street Journal. Principal and interest are paid ratably through payroll deductions.

**Payment of Benefits**

On termination of service, a participant may receive a lump-sum amount equal to the balance of their account or elect to receive installment payments of their assets over a period of time not to exceed their life expectancy. If a participant's account balance, less rollover contributions, is greater than \$3,500, they may leave their vested assets in the Plan until age 70½.

**Transfers Between Plans**

Participants who change job positions within the Company and, as a result, are covered under a different defined contribution plan offered by the Company may transfer their account balance between plans.

**Plan Termination**

The Plan shall continue in full force and effect until January 1, 2006, and for yearly periods thereafter unless either the Company or the USWA shall notify the other party in writing within 60 days before the termination date of the 401(k) Agreement that they desire to terminate the agreement. The Plan may generally be amended by mutual consent of the Company and the USWA. In the event of Plan termination, the Trustee shall distribute to each participant the amount standing to their credit in their separate account.

## Notes to Financial Statements (continued)

### **1. Description of the Plan (continued)**

The Timken Company Common Stock Fund is segregated into two components – the Employee Stock Ownership Plan, or Timken ESOP, and the Timken Stock Fund. At the end of each plan year, participant contributions made to the Timken Stock Fund, reinvested dividends and any market gains or losses in the Timken Stock Fund are transferred into the Timken ESOP. Participants may elect to have dividends in the Timken ESOP distributed to them in cash rather than automatically reinvested in Timken common shares.

### **2. Accounting Policies**

#### **Basis of Accounting**

The financial statements have been prepared on the accrual basis of accounting.

#### **Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value. American Express Trust Company (the Trustee) maintains a collective investment trust of Timken common shares in which the Company's defined contribution plans participate on a unit basis. Timken common shares are traded on a national securities exchange and participation units in the Timken Company Common Stock Fund are valued at the last reported sales price on the last business day of the year. The valuation per unit of the Timken Company Common Stock Fund was \$14.52 and \$11.23 at December 31, 2004 and 2003, respectively.

The participation units owned by the Plan in the Trustee collective trust funds and mutual funds are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. The participant notes receivable are valued at their outstanding balances, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

**2. Accounting Policies (continued)**

**Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

**3. Investments**

During 2004, the Plan's investments (including investments purchased, sold, as well as held during the year) appreciated in fair value as determined by quoted market prices as follows:

	<b><u>Net Appreciation in Fair Value of Investments</u></b>
Timken common shares	<b>\$ 5,302,408</b>
Mutual funds	<b>391,274</b>
Collective trust funds	<b><u>5,608,812</u></b>
	<b><u>\$ 11,302,494</u></b>

Investments that represent 5% or more of fair value of the Plan's net assets are as follows:

	<b><u>2004</u></b>	<b><u>2003</u></b>
Timken Company Common Stock Fund	<b>\$ 22,175,298</b>	\$ 18,861,506
American Express Trust

Notes to Financial Statements (continued)

**4. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**5. Income Tax Status**

The Plan has received a determination letter from the IRS dated April 23, 2003, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

**6. Related-Party Transactions**

The following is a summary of transactions in Timken common shares for the year ended December 31, 2004:

	<u>Shares</u>	<u>Dollars</u>
Purchased	463,891	\$10,834,442
Issued to participants for payment of benefits	52,912	1,235,393
Dividends received	—	446,950

Benefits paid to participants include payments made in Timken common shares valued at quoted market prices at the date of distribution.

Certain legal and accounting fees and certain administrative expenses relating to the maintenance of participant records are paid by the Company. Fees paid during the year for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

**7. Subsequent Event**

On March 24, 2005, all of the Timken Company's defined contribution plan assets, including the assets of the Plan, were transferred from American Express Trust Company to JPMorgan, the Timken Company's new defined contribution plan recordkeeper. There was no effect to the Plan's financial statements because of the transfer.
